ARMoured SECURITY VEHICLES

ARMOURING FEATURES

FULL 360° PERIMETER PROTECTION

Comprehensive passenger protection featuring third-party certified ballistic steel, bullet-resistant glass, a blast-resistant underbody, and an armored rear bulkhead

REINFORCED CRITICAL STRUCTURE POINTS

Full structural reinforcement, covering everything from door hinges to the fuel tank, battery, and electronic control module, ensuring protection against blasts and fire penetration.

CERTIFIED BALLISTIC GLASS

Premium multi-layer ballistic glass provides unobstructed views and exceptional optical clarity while ensuring complete ballistic protection from all angles.

BALLISTIC DOOR OVERLAP SYSTEM

Enhanced protection against door seam penetration with a ballistic steel door overlap system, seamlessly reupholstered with premium materials for a luxurious finish.

RUN-FLAT SYSTEM

Märks' run-flat devices ensure continued operation and stability, even with punctured tires, while optional heavy-duty wheels enhance durability.

STEALTH ARMORING FOR ENHANCED PROTECTION

Märks ensures 360° ballistic protection in armored Hilux Revo, Land Cruiser Prado, V8, Coaster, HiAce, Fortuner, and Cash Carry Vans with a discreet, seamless design.

ARMOURING FEATURES

FULL 360° PERIMETER PROTECTION

Comprehensive passenger protection featuring third-party certified ballistic steel, bullet-resistant glass, a blast-resistant underbody, and an armored rear bulkhead

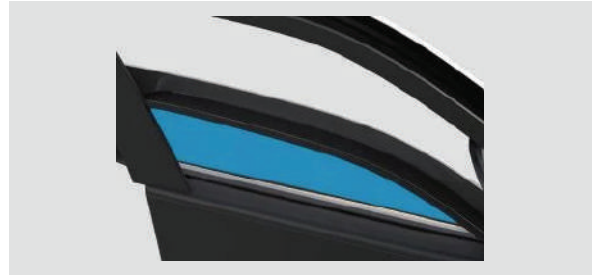

REINFORCED CRITICAL STRUCTURE POINTS

Full structural reinforcement, covering everything from door hinges to the fuel tank, battery, and electronic control module, ensuring protection against blasts and fire penetration.

BALLISTIC DOOR OVERLAP SYSTEM

Enhanced protection against door seam penetration with a ballistic steel door overlap system, seamlessly reupholstered with premium materials for a luxurious finish.

MILITARY GRADE BALLISTIC GLASS

Premium ballistic glass offers all-angle protection while ensuring a clear view and seamlessly matching the OEM model's curve for discreet armoring.

RUN-FLAT SYSTEM

Märks' run-flat devices ensure continued operation and stability, even with punctured tires, while optional heavy-duty wheels enhance durability.

REAR ARMORED BULKHEAD PARTITION

The armored bulkhead, securely fitted between the cabin and cargo area, safeguards passengers while allowing full use of the trunk.
